

Model L4FCB

Handle 1, 2, 3 or 4 Drums at Once!

The Liftomatic "4" safely handles all rimmed steel, plastic and fibre drums weighing up to 2000 lbs. (950 kg) per drum. The "4" can be ordered to work on any forklift, hoist or crane!

Easy/Safe/Fast!

Simply position the "4" over the drums, lower completely and lift - the unit does the rest. Improve drum handling safety in your facility today.

Model L4CB attaches to overhead cranes & hoists.
